Course Requirements

To obtain a high school diploma, students shall complete at least the following courses in grades 9-12, with each course being one year unless otherwise specified:

At least one mathematics course, or a combination of the two mathematics courses, shall meet or exceed state academic content standards for Algebra I or Mathematics I. Any student who completed grade 12 in the 2003-04 through 2014-15 school year and met all applicable graduation requirements other than the passage of the high school exit examination shall be granted a high school diploma. (Education Code 51413)

A deceased former student who satisfies these conditions may be granted a retroactive diploma to be received by his/her next of kin. (Education Code 51430)

In addition, the district may grant a diploma to a veteran who entered the military service of the United States while he/she was a district student in grade 12 and who had completed the first half of the work required for grade 12. (Education Code 51440)
