Middle and High Schools Student Field Trip Policy

School Years: 2010-2012

Purpose

1. To insure minimal impact on lost instructional time.
2. To reduce financial impact on parents and school budgets during these difficult budgetary times.

Guidelines

1. In California only
2. No more than two (2) missed days of school per trip
3. Overnight trips are limited to two (2) overnights per trip
4. Funding covers all costs including substitutes and must be secured in advance of the trip.
5. Students and booster groups may engage in fund raising to cover cost of the trip.
6. Requests for student/parent donation must be pre-approved by the principal.
7. Saturdays and Sundays should be used whenever possible, including college trips and rewards.

SCHOOL-SPONSORED TRIPS (continued)

Field Trip/Off-Campus Policy

Field trips offer students a worthwhile extension of the classroom experience. All required forms for a field trip are due to the office at least three (3) weeks in advance.

As a general rule, students should not miss academic time to take part in activities or field trips which would be considered more “recreational” than instructional. Only students who are eligible may participate in field trip experiences which would be considered enrichment or recreational. (See below for a full definition of eligibility). As outlined in district policy, an eligibility requirement is not applied to a student who is attending an academic/co-curricular competition. Exceptions may be considered by the principal.

If a student’s grade will be negatively affected by non-participation due to ineligibility, the teacher of record will provide the student an alternative assignment.

Eligibility is defined as achieving a grade point average of 2.0 with no more than one “F”. The six week progress report card will be utilized to determine a student’s eligibility status for participation. At the end of the first six weeks, those students who do not meet the academic requirements will be identified, and will have the next six weeks as a probationary period, allowing them to bring up their grades for continued participation in all activities related to the team, class or club. If a student is unsuccessful in improving his/her grades to the required standard, the student will not be eligible to participate in field trips until he/she meets the academic standards at the next grade reporting period. Ninth grade students start the year eligible.

Eligibility reports are provided to teachers from Technological Services following the posting of grades (timing may vary).
